GO VIRGINIA REGIONAL COUNCIL 9 PRIVATE SECTOR SERVICE

Thank you for your interest in serving on the GO Virginia Region 9 Council. This document gives a general idea of the role. Individuals with expertise in the Project Frameworks and Target Industries listed below are highly desirable, as are those who represent diversity and minority communities. Please contact us if you have any questions.

What is GO Virginia?

The Virginia Initiative for Growth & Opportunity in each Region, referred to as GO Virginia, aims to help generate private-sector growth and high paying job opportunities in all regions of the Commonwealth. GO Virginia is based on three principles: 1) the state needs strong private sector growth and job creation; 2) effective collaboration among business, government, and higher education is essential to grow and diversify the state's economy; and 3) state government must provide incentives for strategic job-focused collaboration in each region.

How is GO Virginia funded?

The General Assembly initially allocated \$35.95 million for GO Virginia funding, including \$30 M in FY 2018 for project funding. The GO Virginia program has continued to be funded through the Virginia Biennial Budget.

What is Regional Council 9?

At the inception of GO Virginia, nine Regional Councils were established to facilitate projects that would best serve each region. Region 9, also known as the Piedmont Opportunity Corridor, encompasses eleven localities, including the City of Charlottesville and the Counties of Albemarle, Culpeper, Fauquier, Fluvanna, Greene, Louisa, Madison, Nelson, Orange, and Rappahannock. The Region 9 footprint matches that of Planning District 9 and 10 and Virginia Career Works – Piedmont Region.

What types of projects are eligible for funding?

Proposed projects must address the opportunities outlined in each region's Growth & Opportunity Plan Update in addition to state GO Virginia priorities. At least two localities must participate in each project. The Region 9 Plan specifies eligible project frameworks for targeted industries, as follows:

Project Frameworks

- Talent Development
- Innovation/Entrepreneurship
- Growing Existing Businesses
- Site Development

Target Industries

- Information Technology
- Food & Beverage Manufacturing
- Financial & Business Services
- Light Manufacturing
- Biotechnology

What is the Central Virginia Partnership's role with GO Virginia?

The Central Virginia Partnership for Economic Development (Partnership) serves as the support organization for the GO Virginia Regional Council 9. The Partnership, a not-for-profit public/private partnership, is the regional economic development organization for nine localities including Charlottesville and the Counties of Albemarle, Culpeper, Fluvanna, Greene, Louisa, Madison, Nelson and Orange. For information, visit www.centralvirginia.org.

Where can I learn more about GO Virginia?

To learn more, go to:

- www.GOVirginia9.org
- www.GOVirginia.org

Regional Council 9 Membership - Overview

The Region 9 Council has 23 members with a majority from the private sector. Regional Councils are required to

have a majority of Private Sector Members with at least five years of business leadership experience. Each Council ensures gender and ethnic diversity in its membership.

Council Membership Seat Allocation

Private Sector (12 Members)

Chambers of Commerce (4)*
At-Large Private Sector (5)**
Partnership Board Members (2)
Workforce Development (1)

Public Sector (11 Members)

Regional Commission Directors (2)
Localities/Elected Officials (4)
Educational Institutions (3)
Local Economic Development (2)

Private Sector Member Requirements

- Representation should include
 - Small businesses (up to 50 employees)
 - Large businesses (50+ employees)
 - Entrepreneurs
 - Innovators in growing industries
 - Experienced professionals
- Leadership/management experience required (five or more years in private business)

*Only Region 9 Chambers of Commerce may nominate private sector business persons to serve on the Council for these designated seats, when open.

**At-large nominations are solicited from the public for At-Large Private Sector Seats. Local business organizations and business leaders may nominate other business leaders. Self-nomination is welcome.

Council Member Terms

Unless a seat is vacated mid-term, there is a three year term commitment that begins on July 1. Vacancies are filled for the unexpired term.

Time Commitments

In order to impact and serve the entire region, regular meeting attendance and consistent engagement is expected. There are typically five Council Meetings per year at locations throughout the region. State law requires an in-person quorum, so regular attendance is essential to conducting Council business. Meetings are typically scheduled for a two hour duration and occur throughout the regional footprint. Each member also serves on one of the four Region 9 Task Forces: Sites, Talent Development, Growing Existing Business, or Innovation/Entrepreneurship. Each Task Force is responsible for supporting strategy in their frameworks and reviewing related project proposals. Additional service hours may be required if serving on the Nominating or Executive Committees.

COIA

All Council Members are required to register and view an online training session about the Conflict of Interest Act within 30 days of accepting an appointment on the Council. Filing of economic interests is not required for Regional Council members, unless individual members are otherwise required to do so.

VIRGINIA INITIATIVE FOR
**GROWTH &
OPPORTUNITY**
IN EACH REGION
REGIONAL COUNCIL 9

GO Virginia is an economic development initiative designed to diversify and strengthen regional economies by offering grants that drive collaboration between **business, education, and local government**.

Grant Opportunities Identified in Region 9 Growth Plan Update

The Region 9 Council is seeking grant proposals that support these opportunities identified in the Region 9 Growth & Diversification Plan Update. In general, projects must be framed in one of the specific project types and focus on target industry. Each of the bullets below represents an identified opportunity.

Talent Development

1. Drive the development of a regional and comprehensive workforce coalition or initiative to support collaboration and efficiency in the Region 9 talent development ecosystem
2. Accomplish a regionally focused implementation grant to execute labor sector strategies identified for Financial & Business Services, Food & Beverage Manufacturing, Information Technology, and Light Manufacturing in the *Labor Sector Strategies Report for GO Virginia Region 9* (2021). Report recommendations include:
 - Establish sector led coalitions comprised of business, workforce, and education stakeholders to identify and drive solutions for industry
 - Promote VCW - Piedmont Region and community college workforce services more broadly across sectors to enhance awareness of business-focused programs offered by these groups
 - Create a career readiness program to help employees understand workplace courtesies and protocols associated with softs skills
3. Drive development of Biotech labor sector strategies
4. Develop sector driven credentialing, apprenticeship, and internship programs for target industries
5. Evaluate or drive strategies to address regional demand for Software Developers (SOC 15-1256) across IT, Biotech, and Financial & Business Services sector

Growing Existing Businesses

1. Evaluate challenges to each or all regional target sectors to identify gaps that inhibit regional sectors from scaling to attain a critical mass of enterprises, talent, and intellectual property
2. Implement solutions to identified gaps or barriers to scaling and expanding regional target clusters

3. Support sector led verticals, i.e., CvilleBioHub, to address business-identified sector gaps to traded sector growth
4. Support development of a large amount of new square footage, including wet and/or dry labs, to serve Biotech industry growth

Startups/Innovation/Commercialization

1. Support advancement of opportunities identified to serve the regional entrepreneurship ecosystem in the *Region 9 Rural Entrepreneurship Report* (2020) and the *Venture Hub Report* (2019) including:
 - Strategically integrate “concierge” or “business navigator” roles to connect entrepreneurs to resources, etc.
 - Promote existing resources throughout the region and drive regional collaboration between entrepreneurship support organizations, stakeholders, and entrepreneurs
2. Develop stronger ideation programming and support strategic expansion of existing programming targeting traded sector startups
3. Support advancement of integrated accelerators, incubators, entrepreneurial hubs, etc. to serve the region
4. Catalyze wider range of risk capital in the region
5. Strengthen networking of traded sector industry clusters to engage startups more actively

Sites

1. Advance further development of sites and seek opportunities for regional collaboration on new sites
2. Evaluate regional strategic advantages for potential sites and/or sites under development in regional target sectors, i.e., data centers, light manufacturing
3. Support and encourage the continued development of regionally prioritized sites
4. Advance the creation of a Regional Industrial Facilities Authority (RIFA) or equivalent regional collaborative partnerships, as appropriate, to support regional site development

Other

1. Explore opportunities to assess and support the development of emerging industries that could help the region grow high paying jobs and expand traded sectors (i.e., Hemp Industry, Renewable Energy Industry, and Environmental Sustainability Industry)
2. Drive programming for regional economic recovery and resiliency from the economic impact of the COVID-19 pandemic through the ERR grant program set to expire April 2022
